

## LED Recessed downlight Series

Slim, low profile recessed downlight combines innovative technology, aesthetics, functionality and affordability. No housing or J-Box required for installation and color temperature selectable provides the ultimate flexibility. The low profile downlight is ideal for many residential, multi-family, commercial and hospitality applications. Featuring a detachable driver box, which can be mounted remotely for shallow ceiling installations. Energy efficient design provides up to a 75% energy savings and up to 50,000 hours of LED life. Flicker free dimming down to 10% with many Forward Phase (Triac) and Electronic Low Voltage (ELV) dimmers.

### Quick fact

- Die-cast aluminum construction
- White Polycarbonate lens
- No housing or J-Box required for installation
- Energy efficient design provides up to a 75% energy savings and up to 50,000 hours of LED life
- ENERGY STAR® qualified

# Performance Data:
