7. Wire Cutters

WIRING

CORD/ SUOOLY WIRING

LUMINAIRE

Installation Guide

1. Opening the lens cover by connector of the fixture body.

2. Put the clamps into the fixture body.

3. Remove the nut from the end of the cord grip and insert the threaded end into the knock out hole on the end of the fixture body.

4. Feed the wires from the electrical source through the cord grip and into the fixture body. Tighten the nut onto the cord grip to secure the wires.
