# LED FCUWP

# LEDFCUWP Full Cutoff Wall Pack

## Description

The LEDFCUWP is a reliable and adaptable lighting solution, suitable for perimeter illumination to enhance safety, security, and identity. It features a rugged cast-aluminum housing that is corrosion-resistant and finished with bronze polyester powder paint for lasting durability. The product is equipped with a thermally conductive LED panel and electrical chamber that are securely protected. Additionally, four convenient holes positioned at the top, bottom, and sides of the housing enable safe and easy connection and disconnection. Overall, the LEDFCUWP delivers exceptional lighting performance and longevity, while also prioritizing user convenience and safety.
