TWPL1 Traditional Wall Pack

Description

TWPL1 is designed to provide unmatched performance, durability, and energy efficiency, making it the perfect choice for commercial, industrial, and residential settings. Built with cutting-edge LED technology, our traditional wall pack delivers exceptional brightness, crisp illumination, and uniform light distribution. With a long lifespan of up to 50,000 hours, you can enjoy long-lasting and reliable lighting without frequent replacements, resulting in significant savings on maintenance costs.

Housing

Suitable for both indoor and outdoor application, also suitable for J-BOX mounting and surface mounting.

Lens

Polycarbonate optical lens with UV stabilizers do not exhibit yellowing and deformation.

Photocell (option)

Optional photocell allows for security and energy saving.

1/2inch threaded hole

3pcs hole can support wires coming out from the hole for easier wire connections.
