

Add-on Accessories 3 Pin Photocell

Fixture Type:

Project Name:

Location:

Date:

Features

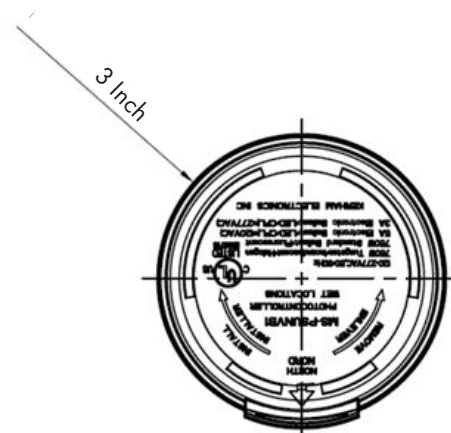

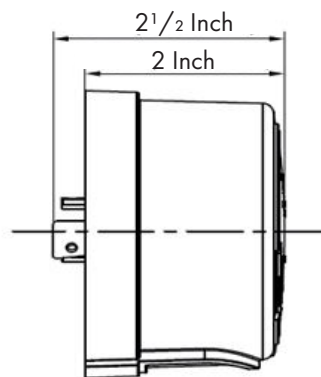

- AC input voltage range: 100-277V
- Low power consumption and high reliability
- 8-15s delay when turn off
- Strong anti interference ability
- Switch life is greater than 5000 cycles
- Approved application patent
- Suitable for dry and humid environment

Product Performance Standard

Voltage Rating	100-277Vac	Dim control output	0-10V 25mA
Rate Frequency	50/60 Hz	Mounting Height	Max 40ft
Switch Illumination	10~20Lx on/60~80Lx off	Power Consumption	0.7W
Net Weight	90g	Humidity	Max.99%RH
Temperature	-40°F to 167°F(-40°C - 75°C)
