

# INSTALLATION INSTRUCTIONS

## LED MINI STEP LIGHT

Input Volt. 120V 50/60Hz

Please read carefully and save these instructions, as you may need them at a later date.

### CAUTION

Turn off the main power at the circuit breaker before installing and servicing the fixture, in order to prevent possible shock.

### GENERAL

All electrical connections must be in accordance with local and National Electrical Code (N.E.C.) standards. If you are unfamiliar with proper electrical wiring connections, obtain the services of a qualified electrician.

Remove the fixture and the mounting package from the box and make sure that no parts are missing by referencing the illustrations on the installation instructions.

### ASSEMBLY AND INSTALLATION

1. Pull the power supply wires out from the OUTLET BOX (1) and mount the MOUNTING BRACKET (3) to the OUTLET BOX (1), using MOUNTING SCREWS (2).
2. Attach the power supply wires to the fixture lead wires by connecting BLACK to BLACK (11), WHITE to WHITE (10). Attach the POWER SUPPLY GROUND WIRE (6) from the OUTLET BOX and the FIXTURE GROUND WIRE (9) by using WIRE NUT(7).
3. After wires are connected, tuck them carefully inside the outlet box.
4. Place face plate (8) on fixture
5. This is integrated led fixture, no bulbs to replace
