FCWP3 Slim Full Cutoff Wall Pack

Description

The FCWP3 LED wall pack series offers uniform light distribution and excellent lumen maintenance rate, providing high energy efficiency and low cost. Its stylish design and on-site customization options, such as dimmable output and CCT settings, make it a versatile choice for a range of wall-mounted lighting applications. Optional features, such as emergency aggress battery and light control, add even more flexibility. Overall, the FCWP3 series is a top-performing and adaptable lighting solution.

Photocell (option)

Optional photocell allows for security and energy saving.

Housing

Two-piece die-cast aluminum housing with optimal thermal management both enhances LED efficacy and extends fixture's life.

Optics

Zero uplight distributions. Independently designed optical lens, using anti-UV material to maximize the lighting effect while reducing glare.

Mounting

FCWP3 can be mounted directly over a standard 4' and 5' electrical junction box. Three 1/2 inch conduit holes on three sides allow for surface conduit wiring.

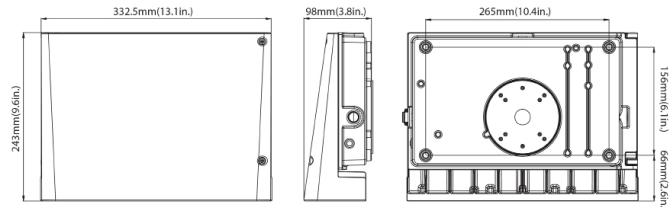

Emergency(option)

8W Emergency battery, 900lm, 90mm.

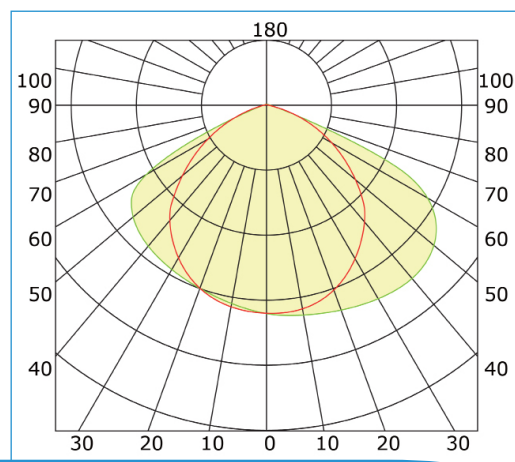

Power and CCT controller

The wattage and CCT can be changed by switch selection on the controller, it easy and very fast to meet the varied requirements.
