UHB3 LED UFO High Bay

Description

The LED UFO High Bay UHB3 is a compact and streamlined lighting solution with efficient heat dissipation. Its die-cast aluminum housing, coated for corrosion resistance, ensures long-lasting performance. The anti-UV prismatic translucent lens provides uniform light and glare control. With wattage selectability and 2CCT color temperature adjustment (4000K/5000K), this high bay light offers flexibility for customized illumination in various settings. Experience a perfect blend of design and functionality with the UHB3 for superior lighting performance.

Emergency Battery

Plug-and-Play Sensor (optional)
Sensor allows for security and energy saving.

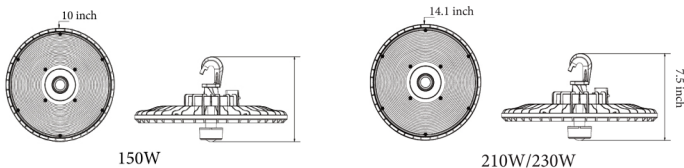

Installation accessory
Available for both hook mount, conduit mount and surface mounting with U-bracket (optional).
U-bracket allows to adjust the direction to illuminate any area you need.

Transformer BOX
Transformer can be easily added into the Junction-box and convert to HV models, reducing SKUs and inventory pressure.

Housing
Rugged die-cast housing with corrosion-resistant powder coating for effective protection.

CCT & Wattage Selectable
This fixture has the function of adjusting the lumens output and color temperature on-site.
