## Description

UFL1 strives to offer customers a cost-effective, effective, adaptable, and durable floodlight solution. Its sleek and inconspicuous exterior design seamlessly blends into diverse architectural settings. Offered in four dimensions with a range of lumen options from 15W to 120W, this product attains an impressive efficiency of up to 150lm/W. With a dependable IP65 structural configuration, UFL1 is highly suitable for illuminating various spaces such as courtyards, driveways, structures, advertising boards, and more.

**Photocell (option)**  
Option photocell allows for security and energy saving.

**Visor**  
All models have an integrated visor that comes with the cover can reduce glare very well.

**Housing**  
One-piece die-cast aluminum housing with optimal thermal management both enhances LED efficacy and extends fixture's life.

**Optics**  
A high-reflective white reflector and tempered glass are used to shape the 7Hx7V light type.

**Mounting**  
UFL1 have a powerful 1/2 NPS knuckle mount, and also available with either slipfitter or yoke (trunnion) mount.
